HOW PROJECTS HAPPEN

Notice it. Build it. Run it.

PACKAGE 03

01 **Find the friction**

A manual process, a customer need, or an operating constraint becomes the starting point.

02 **Build for reality**

Students design around the store's actual technology, people, policies, and daily workflow.

03 **Test in operation**

The work is used, measured, refined, and—when it succeeds—made part of how the CO-OP runs.

PROJECT LIBRARY

Operating systems

At the closing heading beneath the project library.

VIEW CASE STUDY →

THE BIGGER IDEA

NOT SIMULATIONS. OPERATING SYSTEMS.

PACKAGE 04

Each project gives students ownership of work with real users, real constraints, and visible outcomes inside their own school.

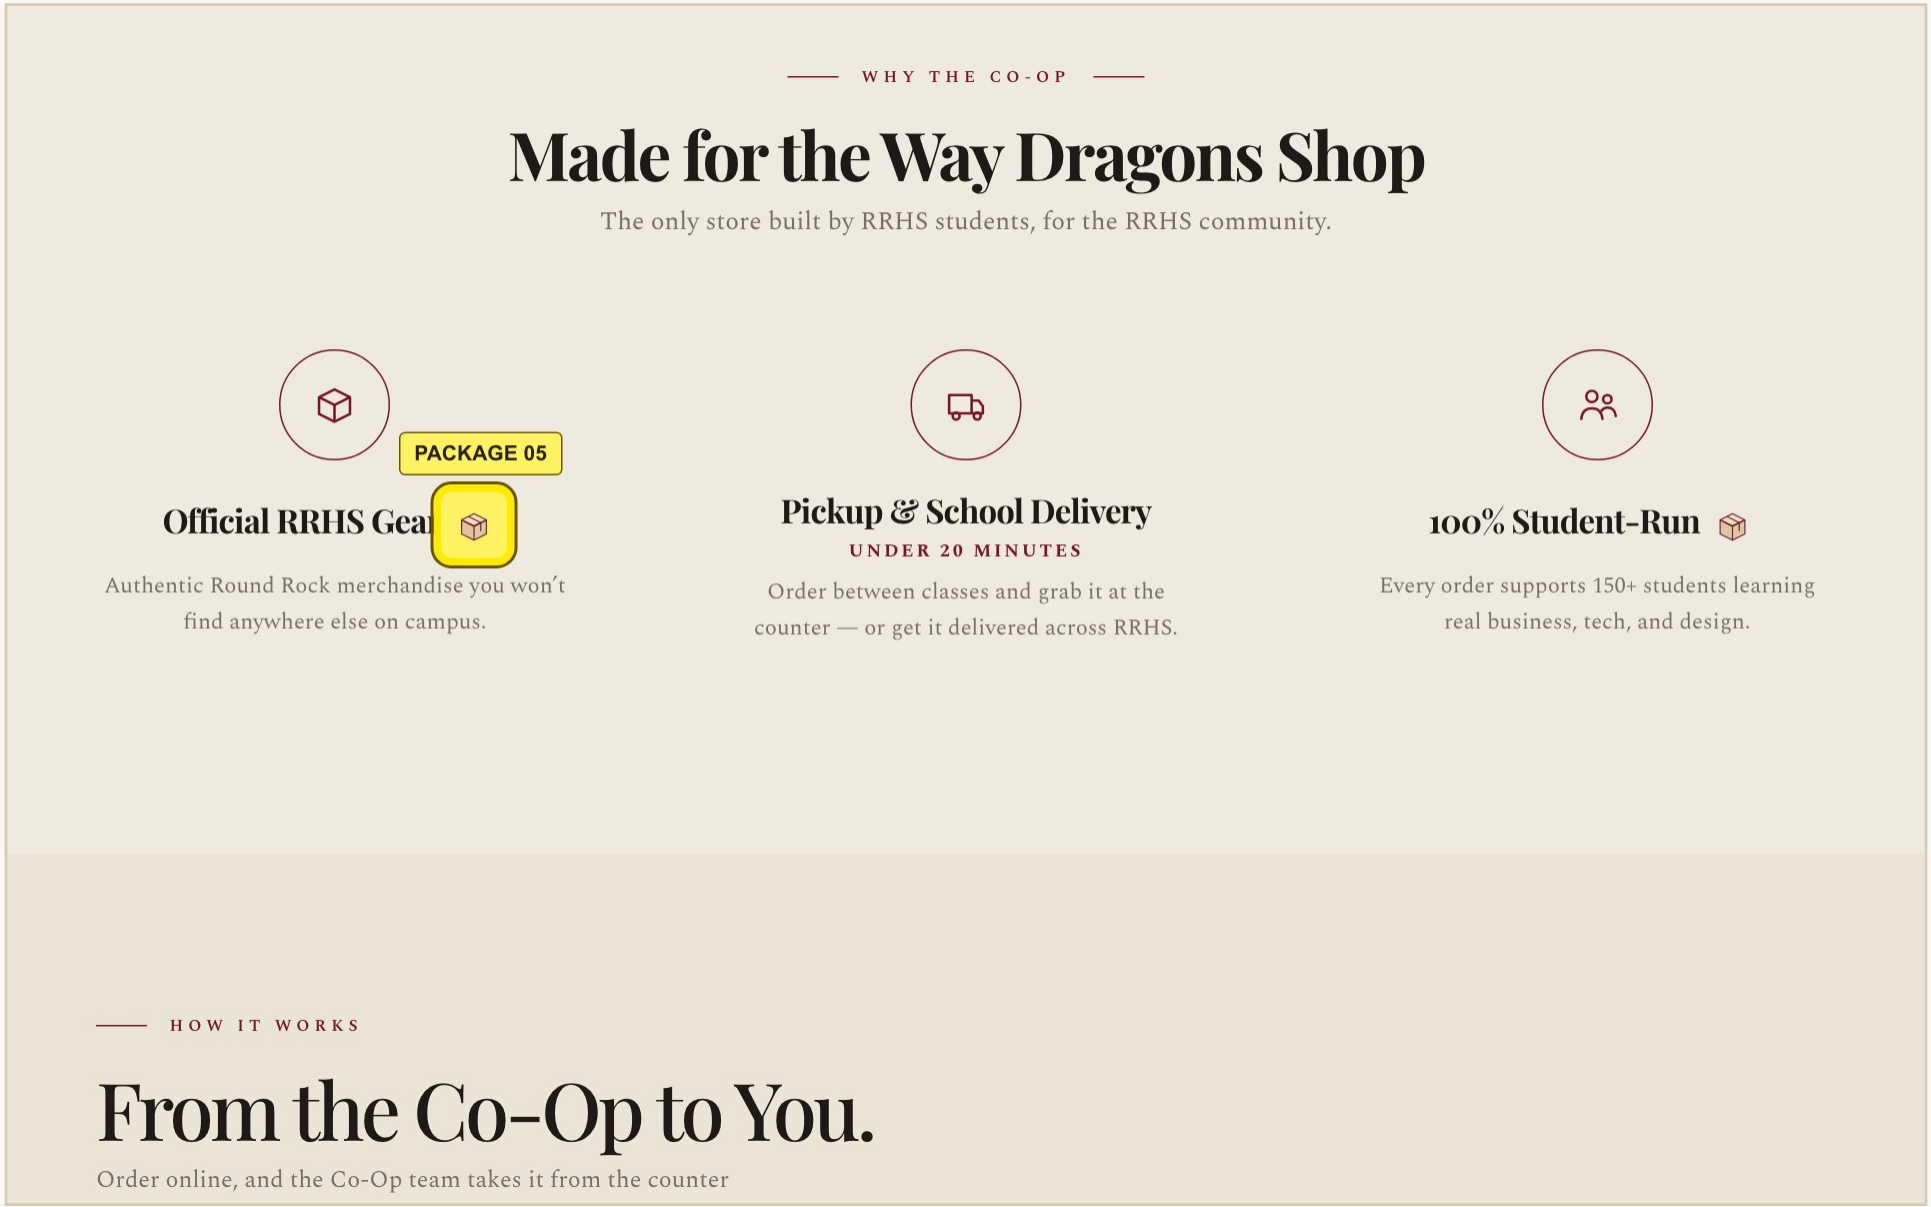

MEET THE LEADERSHIP

Come Back & Earn

Beside the final step in the shopping guide.

Authentic Round Rock merchandise you won't find anywhere else on campus.

Order between classes and grab it at the counter — or get it delivered across RRHS.

Every order supports 150+ students learning real business, tech, and design.

HOW IT WORKS

From the Co-Op to You.

Order online, and the Co-Op team takes it from the counter to your classroom.

01 — Shop

Browse merchandise online, right from your Chromebook.

02 — Order

Complete your purchase through the Co-Op storefront.

03 — Pickup or Delivery

The Co-Op team prepares your order for counter pickup or school delivery.

PACKAGE 07

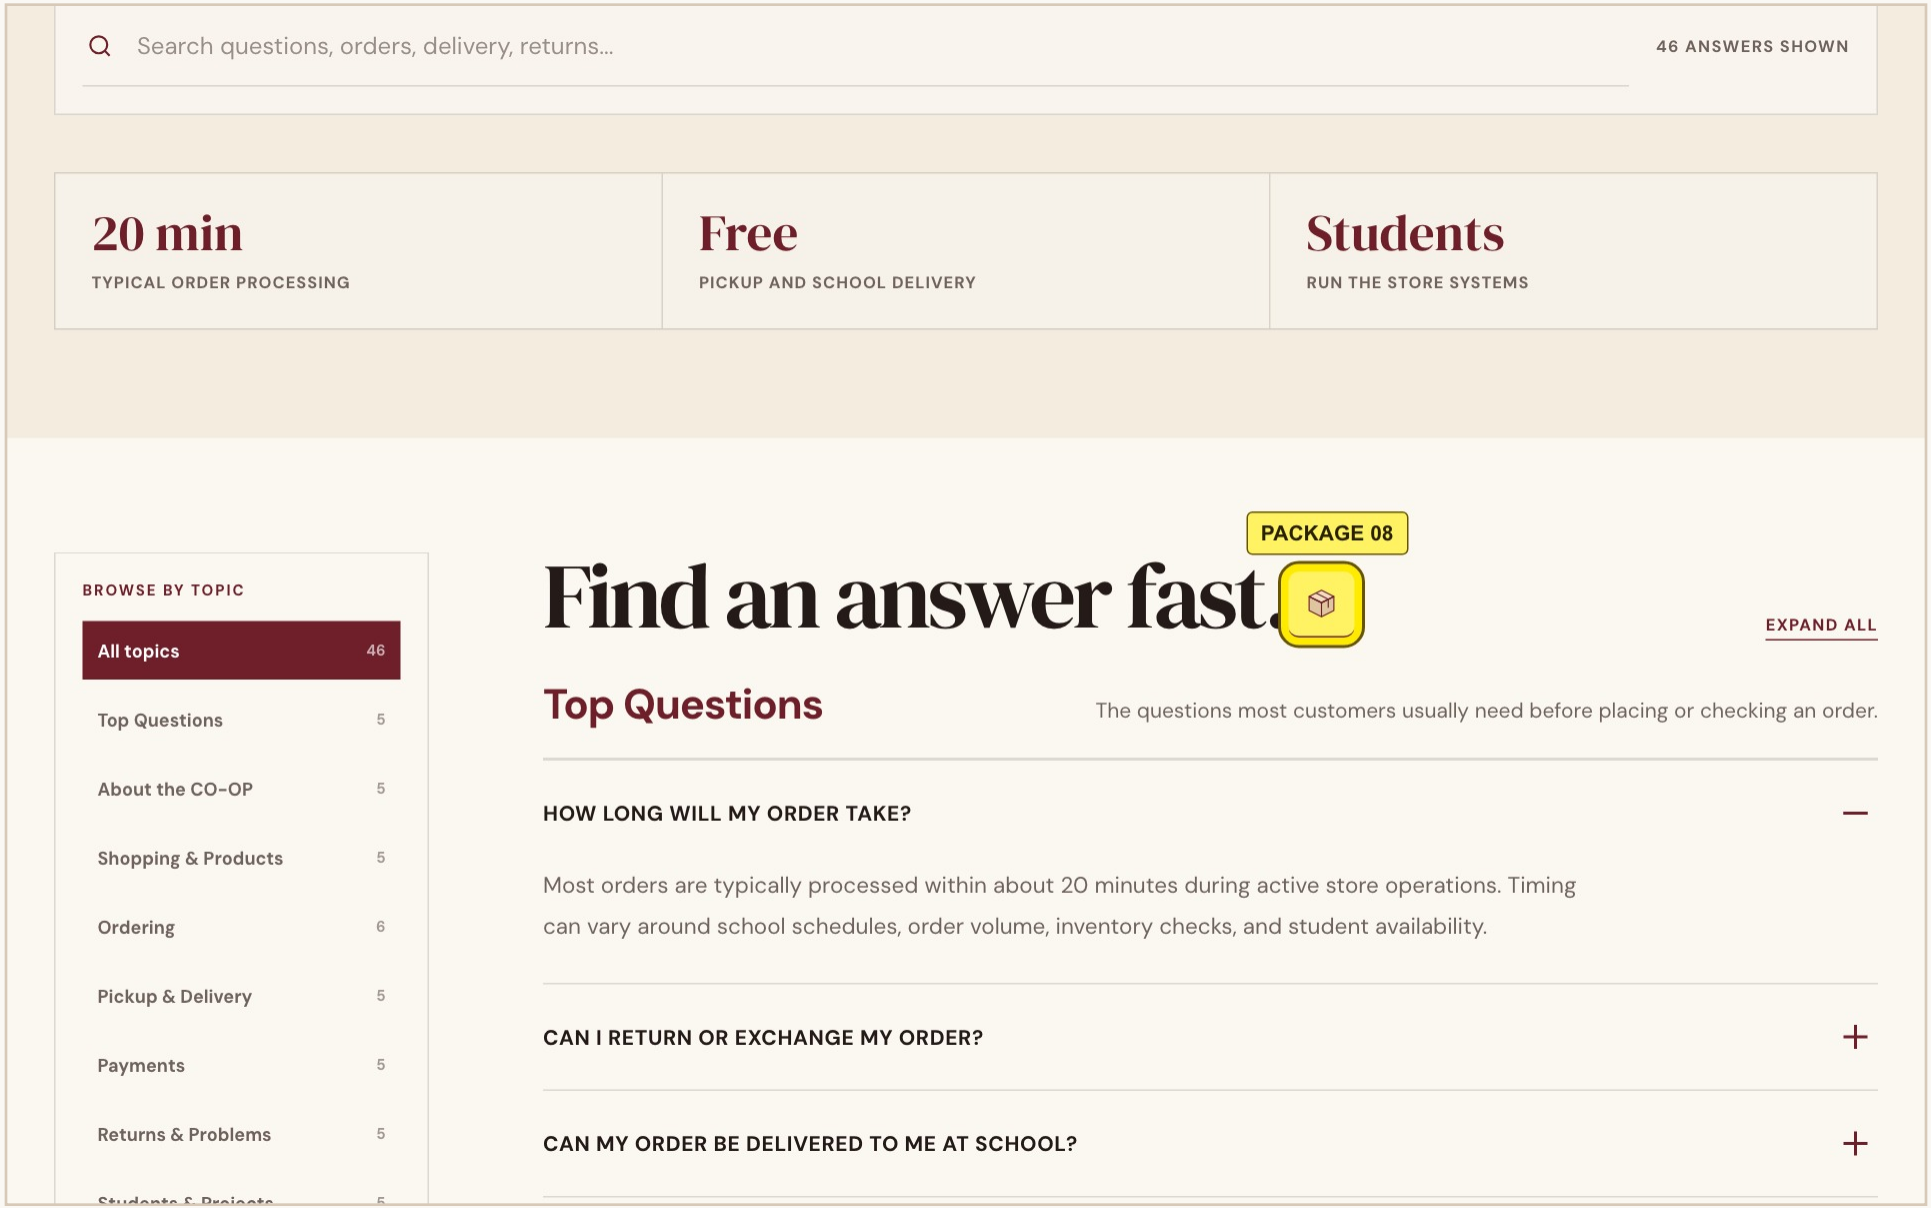

04 — Come Back & Earn

Shop again and watch for rewards, offers, and perks for regulars.
